Sankarankovil - 627756, Tamil Nadu, India

Professional Summary

Motivated AI and DS student with practical experience in developing machine learning models and backend systems. Proficient in Java, Python, and RESTful application development with a strong foundation in data structures and problem solving. Eager to contribute to innovative technology solutions in a growth-driven environment.

Education

P.S.R Engineering College

Bachelor of Technology in Artificial Intelligence and Data Science

2023 – 2027 | Sivakasi, Tamil Nadu

CGPA: 8.5 / 10

AVK International Residential Senior Secondary School

10th Standard – 2021 | Sankarankovil, Tamil Nadu

12th Standard – 2023 | Sankarankovil, Tamil Nadu

Experience

CodeBind Technologies

AI-ML Intern | July 2024

- Developed schematics for a self-cleaning robot with optimized sensor integration.
- Built a facial recognition-based ML system for automated student attendance and implemented a digital outreach strategy.

Novitech

Full Stack Intern

- Developed backend modules using Spring Boot and integrated MySQL database.
- Designed REST APIs and implemented CRUD operations for web applications.

Projects

AI Skill Gap and Resume Analyser

- Developed an AI-based system to analyze resumes and identify skill gaps based on job descriptions.
- Implemented NLP techniques to extract keywords and generate improvement suggestions.

Medical Report Analyser

- Built an AI-driven application to analyze medical reports and extract key health parameters.
- Used machine learning and data processing techniques to provide summarized insights.

Skills and Certifications

Skills:

Languages: Java, Python (Basics)

Frontend: HTML, CSS, JavaScript, ReactJS, Bootstrap

Backend: Spring Boot, REST APIs

Database: MySQL

Tools: Git, GitHub

Certifications:

Novitech - Full Stack

Google – Foundations of Data Science

Nptel - Data Structures and Algorithms using Java

Achievements

Won Elite Certification in NPTEL – Data Structures and Algorithms using Java
